

FALL 2009 / SPRING 2010 AGE DIVISIONS

IMPORTANT: Your player stays in the SAME division throughout the Fall/ Spring season. Players are “aged” once per calendar year on July 31. Ages are determined at that point and applied accordingly. When your player has a birthday during the playing year, he or she will not move up until the following fall. We do not move players up in the middle of the fall-spring season. Your player will remain in the same age division from fall through spring.
