DURING SEASON

Be positive and follow the AYSO Coaching Philosophy:

Good coaches develop positive feelings of self-worth in all of their players.

Enjoyment is critical to learning.

Good coaches provide honest, positive encouragement.

The object may be to win, but the ultimate goal is enjoyment for all.

No yelling in anger or while providing directions to players.

The following are REQUIRED at all training sessions and games:

White copy of Registration/release forms for all players present.

First aid kit.

Water for players (tell parents at your parent’s meeting to bring water for their child, but always carry extra).

Training and/or game plan.

Equipment bag with balls, ball pump, cones, linesman flag and goal flags.

Two registered adult volunteers present at all games and trainings from the time players arrive until the last player leaves.

Attend mid-season coach meeting & dinner.

END OF SEASON

Return equipment and remind players to register for next season now.
